

## Kindergarten

**WHAT DID YOU LEARN ABOUT YOUR 5 SENSES?**

**HANK**

“People who are blind use bumps and touch to see.”

**MAREN**

“I DIDN'T KNOW THAT THINGS IN YOUR EAR MOVED”

**EMORY**

“I DIDN'T KNOW THAT AN EAR DRUM WAS REAL”

# ROLLER'S WRAP UP

## We are moving

forward at break neck speed! Just watch us go! Five Senses was noisy smelly, visual stimulating, smooth, and tasty. Playing games by testing our senses and carrying out investigations just the beginning of the kindergarten science and engineering practices we will develop this year.

Get out and move!

**We don't just exercise our brain we exercise our bodies too!**

## Classroom Updates:

*My apologies to all parents who I inconvenienced this Friday with conferences. You are welcome anytime to come visit our classroom, come and watch your child learn and grow!*

*Rob Fowler was a big hit this week! Just incase you did not get to see your beautiful child on t.v. you can watch it here.. <http://counton2.com/2017/10/03/rob-fowler-visits-the-kindergarten-at-mt-pleasant-academy-for-weather-101/>*

*This week we will begin a new unit on Nocturnal Animals. We have a special box we received from the Birds of Prey in advance of our Field Trip. I wonder what will be in the box?*

*Please check your child's book bag and folder. Clean out their papers and work every night. We try often to email all communications. However some communication will still come the old fashion way.*

*If your child has a change in transportation please email both me and Mrs. Smith.*

*If your child misses a day of school please send in a written excuse.*

*This week will begin our health screenings at school. They check hearing, eyes and weigh your child. If there are any concerns we will be sending home a letter in your child's book bag.*

### **Upcoming October Dates:**
