SOAR

Are you soaring?

We had two more friends picked to have pizza with the principal. (Not shown is Carter) Working hard everyday to SOAR in our classroom is important. How do you like to reward your child for a job well done? There is nothing more important to a child then time spent with you! Have a great weekend spending time with your kids.

Classroom Updates:

This week we continued to talk about Farms and started talking about Spooky Stories! We read every day about the dark and things that might go bump in the night! Next week will be ready for anything.

*We continue to work on rhyming words and sounding out words in reading groups. We have learned that good readers point to every word they read, look for pictures clues, and look at the first letter of a word and say the letter sound. No matter what your reading level is asking and answering questions about the book you have read is really important. Make connections with your kids when reading. Read your favorite childhood books, share stories. Ask the what happened at the beginning , the middle and the end. **Read every night with your child, it makes a difference!***

Next week we will finish reading the Chapter Book The Witches and begin a new book. We will celebrate the Fall with our Fall Festival and have a Math Boo Bingo to get ready for the evening! We will also begin our Unit on The Five Food Groups.

November is always a busy month getting ready for the holidays to come. If you plan on traveling for the holidays and your child will be missing school we would appreciate you letting us know. We have many events planned in the next coming weeks and we do not want anyone to miss out on activities.

Family Activities *Please send in your child's family activities notebook by Tuesday. I have lots of books ready to give to those who completed their homework and turn in their homework on time.*

Moments are fleeting, enjoy every day with your little ones,

Heather
